## In-Dash Adapter Kit

### Installation Notes

This adapter kit is designed for in-dash mounting the following products:  
Lowrance® X47; Eagle® Cuda™ 128, Cuda™ 168.

Print only at 100% scale – do not fit to page, do not enlarge or shrink.

Top

#### ALWAYS VERIFY DIMENSIONS!

Measure the reference cross-hair below to confirm that this template is printed to the correct scale. The vertical line and the horizontal line should each be 2 inches long (50.8 mm.)

Cut along this line

After selecting location with sufficient cable clearance behind unit, tape this page to dash. Drill jigsaw blade starter hole near template center. Insert saw and cut along outside line. Remove backing from one side of mounting gasket. Orient gasket with the notch up (at top of unit). Press gasket onto unit. Attach cable. Remove remaining backing from gasket. Place unit into cutout and press firmly around entire outer edge.

Instructions appear here only in abbreviated form. For complete instructions, see Lowrance manual 988-0105-941 and Eagle manual 988-0143-631. Manuals are for sale from LEI or can be downloaded free from the Lowrance and Eagle web sites. See sheet back for addresses.

## How to Obtain Service...

### ...in the USA:

Contact the Factory Customer Service Department. Call toll-free:

**For Lowrance: 800-324-1356. For Eagle: 800-324-1354**
