## Remote Control Operation Guide

Model No. **EUR7502XB0**

Welcome the world of Home Theater.

This remote control is the key to your home theater experience.

RECEIVER

First, turn on the receiver.

Now, operate your other  
Home Theater components

You may need to enter a code  
to operate some equipment.

Actual operations depend on your equipment and software.  
Be sure to read the instructions for the receiver and your other components.

Dim the display

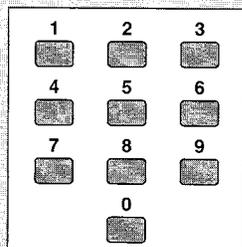

# 8 CODES

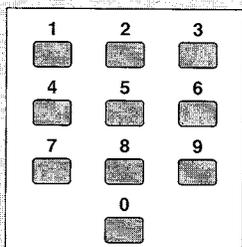

This remote control can operate Panasonic and Technics audiovisual equipment that have remote control sensors. You may need to change the remote control code.

It can also operate some other brands of televisions, video cassette players, and DVD players. Check the table for the brand and enter the code as follows.

## Changing the codes

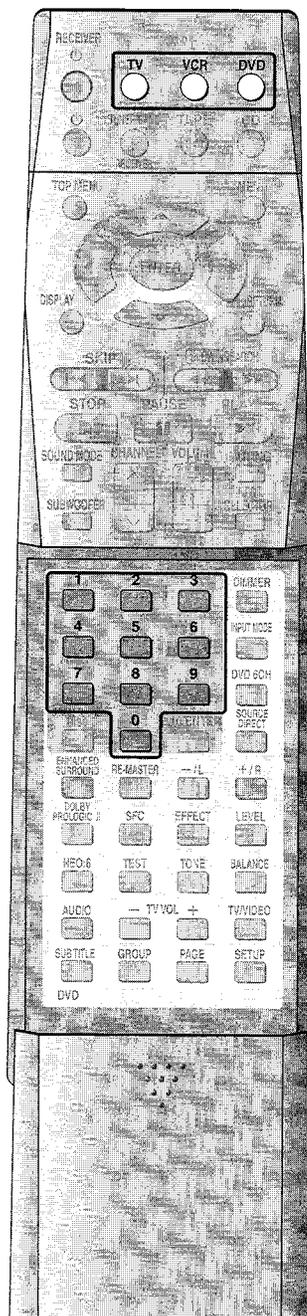

Enter the first digit

Enter the second digit

The remote control outputs the on/off signal. If the code is correct, the equipment turns on or off. If it doesn't, try entering another code.

## Code table

Sélectionner BASS ou TREBLE et régler le niveau

Régler l'équilibre entre les canaux avant gauche et droit

Atténuer la luminosité de la l'affichage

# 8 CODES

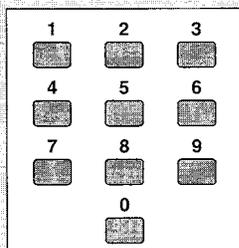

Cette télécommande peut piloter les appareils audiovisuels Technics et Panasonic dotés d'un capteur de signal. Il pourrait être nécessaire de modifier le code prédéfini.

Elle peut aussi prendre en charge des téléviseurs, des magnétoscopes et des lecteurs DVD d'autres marques. Se reporter au tableau ci-contre pour connaître le code correspondant à l'appareil utilisé.

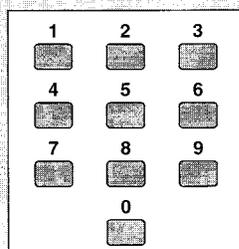

## Modification des codes

Maintenir enfoncée la touche correspondant à l'appareil

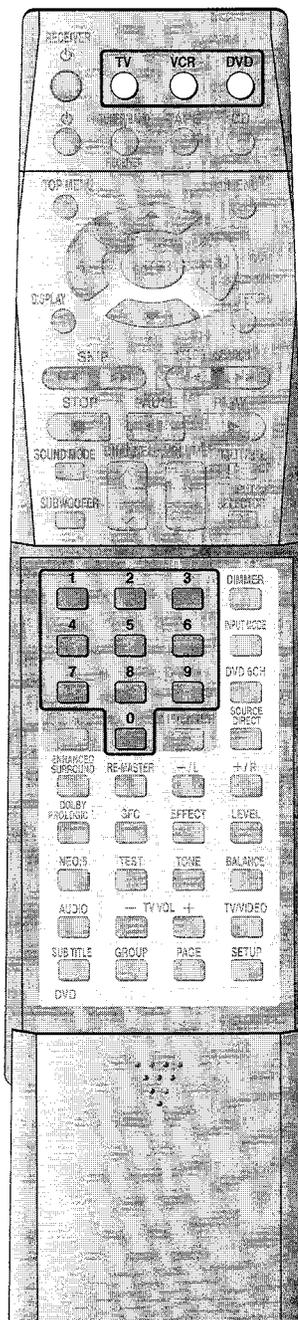

Entrer le premier chiffre

Entrer le second chiffre

La télécommande envoie le signal de mise en/hors marche. Si le code est le bon, l'appareil se met en/hors marche; sinon, essayer avec un autre code.

## Tableau des codes
