Pioneer

S-MM201-W
USB Powered Computer Speakers

The S-MM201-W USB powered speakers are a quick and cost-effective addition to your laptop for big sound from a compact design. There's no need for a separate AC adapter; A single cable solution makes them ideal for travel or where space is limited. And that small size doesn't have to sacrifice sound; triple coil drivers are specifically designed to boost volume to new heights without distortion.
