Prints in minutes. Lasts for decades.

Amazing true-to-life color

Life's most precious moments are delivered to you by Kodak's exclusive Color Rich Technology which is capable of providing dynamic, photo-realistic quality prints. Automatically adjusts your printer giving you beautiful pictures for sharing with family and friends.

KODAK Color Rich Technology

Kodak's Color Rich Technology was developed to work specifically with KODAK Ultima and Premium Picture Paper and Kodak's unique dyes–providing industry–leading print life. Color Rich Technology makes it possible for the printer to work with your digital image so you get unsurpassed print quality. What's more, the custom algorithms of Kodak's Color Rich Technology gives you vibrant, colorful prints every time. Each step of the way, Kodak helps you to keep your quality prints longer.

Longer life prints

The PPM215 is optimized for KODAK Ultima and Premium Picture Papers, providing you with long-term color stability for prints you will enjoy for many years. Printing your pictures has never been easier.
